

GRANGEL

- Pine jelly heavy duty cleaner
- Deodorises and cleans
- Wide range of cleaning uses

Product Information

DESCRIPTION:

Grangel is a natural pine jelly heavy duty cleaner and treatment. It deodorises as it cleans, rinses freely and leaves a fresh, pine aroma. Grangel contains no free alkaline or abrasive materials but gives excellent results usually only obtained with solvents or harsh alkali.

Grangel has a wide range of cleaning purposes, being particularly suitable for hard floor surfaces, ceramic tiles, quarries, etc. Also recommended for linoleum, thermoplastic, composition, vinyl, p.v.c., rubber, sealed/coated timber and cork, etc. Gives excellent results on walls, paintwork, varnished surfaces and will remove traffic film from vehicles.

Grangel discourages germ growth so is excellent for use in toilet blocks, showers, bath areas, etc.

INSTRUCTIONS:

For normal cleaning purposes, dissolve 50ml Grangel with 5 litre warm water and apply the solution to a swept floor with a clean mop. Leave in contact for 2—3 minutes, wring mop and dry the cleaned area. To remove stubborn dirt, scuff marks, etc., use 100ml Grangel to 5 litre warm water. Apply solution and leave for 4—5 minutes before mopping clean.

Grangel provides a classic damp mopping system, but can also be used in conjunction with scrubbing/polishing machines. For spray cleaning, use at 1:40 dilution rate.

After using Grangel, floors may be burnished to a progressive shine if required using suitable floor machine and pad.

STORAGE:

Store in a cool, dry place. Protect from frost. Keep out of the reach of children.

HEALTH AND SAFETY:

For full health and safety information, please refer to the product Material Safety Data Sheet.
