

ALKALINE CLEANER

- Emulsion polish stripper
- Removes heavy build-up of dirt

Product Information

DESCRIPTION:

Alkaline Cleaner is a concentrated cleaner, designed to assist in removing heavy build-up of dirt and emulsion polish from floor surfaces. Ideal for use on vinyl, linoleum and thermoplastic surfaces. Not recommended for use on wood floors, unless it is known that floor is completely sealed/coated. If you are unsure of floor conditions, please contact us for advice before commencing work.

INSTRUCTIONS:

POLISH REMOVAL: To remove emulsion floor polish or clean a very dirty surface, use a solution of 1 part Alkaline Cleaner to 20 parts hot water. Apply solution and leave until polish and dirt has lifted (approximately 5 - 15 minutes) and then scrub floor with rotary floor machine and floor maintenance pads. Rinse well with clean water, neutralise if necessary with Granwax Neutrasol and remove residues wet vacuum machine. Allow floor to dry thoroughly before re-applying polish.

GENERAL FLOOR CLEANING: To remove light surface dirt and for general cleaning purposes, dilute 1 part Alkaline Cleaner to 20 parts warm water. Apply to surface with mop and remove residues with clean mop or wet vacuum machine. Rinse well with clean water and allow to dry.

STORAGE:

Store in a cool, dry place. Protect from frost. Keep out of the reach of children.

HEALTH AND SAFETY:

For full health and safety information, please refer to the product Material Safety Data Sheet.
